With the ending of International Snowmobile Congress (ISC), The Illinois Association of Snowmobile Clubs, Inc. and the Illinois ISC 2023 committee, would like to take this opportunity to say "Thank You", to you and your team for the generous support you showed for ISC 2023. We are looking forward to seeing you at ISC 2024 in Green Bay Wisconsin.

ISC is a place where the snowmobile communities from the US and Canada can get together discuss their issues, attend educational seminars, collaborate and network with the movers and shakers of our sport. Of course, there is the fun side too, the offsite and the groomer area and reception also the trade show. We're proud to say we had over 375 attendees at ISC 2023 in Moline IL.

All of this would not have happened without your participation and continued support of the International Snowmobile Congress. Thank You!

We hope you enjoyed your stay in Moline, and everyone got home safely. We would like to know your thoughts, suggestions or comments on the ISC 2023 whether good or bad.

Once again "Thank You" for your support and the best for your future endeavors.

Hope to see you next year in Green Bay Wisconsin. We will be there!

Regards,

ISC 2023 Executive Committee
